

# CANADIAN SHIELD

## HOME INSPECTION

### KNOWING IS YOUR BEST PROTECTION

A home inspection protects you from surprises by providing a top to bottom evaluation of all the major systems found in a home.

A home inspection is a great educational opportunity, especially for first-time home buyers, to learn about a home's major systems.

#### Save Money on Heating & Cooling

Thermal Imaging allows an inspector to look for cold spots that may indicate air or water penetration into a home.

#### Your Home Inspection Report

Each report is comprehensive & easy to understand & is received within 12 hrs of the inspection.

#### A Home's Major Systems

Major systems include: electrical, plumbing, insulation, structure, roof, heating & cooling, interior & exterior, and ventilation.

#### Protect Your Investment

Combining a moisture meter with thermal imaging an inspector can confirm the presence or absence of moisture.

At Canadian Shield Home Inspections we strive to provide the best experience for the home buyer(s) or seller(s).

Our inspectors can be trusted because we believe...
